Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements submitted by depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records. The amounts of uncollected and unredeemed taxes as indicated in this report are therefore subject to any changes which may be necessitated by the return of verification notices.

Another year of progress may now be recorded. Our chief source of support for the maintenance of our Library continues to be, as it must always be, the appropriation voted by the Town. This year, however, the Library has received by the will of the late Florence Wentworth Smith, of Watertown, Mass., a bequest of approximately \$11,950 in memory of her grandfather, the late Stephen Wentworth of Center Harbor, N. H. This is kept in a special fund, the income from which enables us to provide various services that would otherwise be beyond our reach. For this generous gift we are very grateful. Mention should be made of the fact also that, so long as we maintain our normal rate of appropriation for the purchase of books, we continue to receive through the State Library a grant-in-aid for the building up of our collection of reference books. Furthermore, we may receive from the State certain matching funds for the purchase of books, provided that the Legislature votes these funds; in recent years, however, such funds, though authorized, have not been voted, so that it may be well for interested citizens to communicate to our Representative in the Legislature their desire that the vote be taken.

The Friends of the Library, under the leadership of Mrs. Raymond H. Mauch, have again given support and services to the Library. The school library continues to be staffed by enthusiastic Friends, and a film program each month in the Central School is sponsored also. A beg board display made and donated by Mr. Robert Gifford is now in use for art exhibits of various kinds. Cataloguing of the subject file has now been completed by the Librarian with valuable assistance from the Friends. Attention should be

called to the growing record collection and to the use being made of some 567 records with more to be catalogued. A section chosen for and by our teenagers has been added and has received great response.

The Library's collection of Town Reports has now been bound from the year 1884 on, for better preservation.

On the outside of the building, improvements in planting and landscaping have been made; the approach to the rear door has been graded and paved, and provided with better lighting. New and more legible signs have been painted by Paul Potter, to indicate the days and hours when the Library is open, in the summer or in the winter months.

We announce with regret the resignations of Jean L. Brown, Trustee, and Madeline Bryant, Assistant Librarian. The vacancy caused by Jean Brown's resignation was filled temporarily by the Selectmen's appointment of Elisabeth G. Powers at the request of the remaining Board members.

Report of Forest Fire Warden

AND DISTRICT CHIEF

People cause fires. Our records show that the number of fires increase in an area as the population increases and our state is growing tremendously. This means that we all must be aware of fire causes and do our best to prevent their occurrence.

When we are very young the lighted matches is an adventure, burnt fingers and a dropped match is another fire. A little older we like to have a woodland cookout, or go out by ourselves for a smoke but fire and forests get together for another statistic. We adults like to clean up in the spring, burn the old debris and the dead grass, result—escaped fires and much personal expense.

With new homes and summer cottages located in woodlands and with abandoned fields and forests crowding the back yard of our villages' streets, it is necessary that everyone be aware all through the fire season, which comes with the disappearance of the snow, of the need to be careful with outdoor fires and fire sources.

The following action will help:

1. To teach our children the danger of lighted matches.
2. To **never** discard lighted smoking material from a car or while walking through fields or woods.
3. To safely dispose of rubbish preferably at the town dump. If you must burn—
 - a. You need a written permit from the town fire warden for **all** debris burning except when the ground is covered with snow. Cooking fires in outdoor fireplaces or in charcoal brasiers in your own back yard is permitted on notification of the warden.
 - b. The warden is forbidden by regulation to allow burning of household rubbish on **grass** by householders between 9:00 a. m. and 5:00 p. m.
 - c. Have equipment on hand to control the fire **before** you light the match.
4. Promptly report any fire out of control to your fire warden or fire department.

Help to keep our town out of the fire occurrence column and save your tax dollars for useful purposes.
